STANFORD, KY., TUESDAY, MARCH 15, 1892.

NO. 5

THE GENERAL ASSEMBLY.

The bill to consolidate the offices of sheriff and jailer has been favorably reported.

The General Assembly is about to make 1,700 pounds of corn back and put pounds a barrel of potatoes.

So far, and it is now the 70th day of the session, only five bills have been signed by the governor. Two are House and three are Senate bills.

Senator Stewart has introduced a bill in the Senate proposing a constitutional amendment making the president ineligible to serve two successive terms.

Mr. Thinsley has presented an Act to validate and legalize the bonds issued by the Whitney county court under a special act approved May 7, 1890, for bridge purposes.

The ticket bill has passed both Houses, making it a felony, punishable by a fine of not less than \$500 and imprisonment in the penitentiary not less than two years, to operate a lottery or gift enterprise in this State or in any manner and in such operation, whether the drawing takes place within or without the State, and the same penalty attaches to any who shall provide quarters for such purpose. All who procure lottery tickets to any lottery, drawing or gift enterprise are declared guilty of a misdemeanor and subjected to a fine of not less than \$25 nor more than \$50.

The first vote stood 71 to 11, 18 representatives having voted the bill. Mr. Edmonston voted for the bill.

The correspondence of the Louisville Commercial writes as follows about the member from Lincoln:

This Legislature may be an important one in its proceedings, the point of morality, but it certainly is not a point of average ability and a casual observer would be bound to admit that even much of the legislation that comes before it, its members are guided by their prejudices. Lincoln county, however, has not been deluged with this sort of legislation. Mr. D. B. Hinton, who does not often speak, is regarded as one of the most conservative and prudent members in the House and he enjoys the entire respect and confidence of his colleagues. He is punctual in his attendance on the sessions of the House, having missed as few days as any other member. He is also a worker in committee and can be relied on to protect the interests of his constituents.

FARM AND TRADE ITEMS.

The fruit buds are said to be safe yet.

First-class clover seed for sale, A. Camenisch, Turnerville.

Tone Hinn sold to various parties 20 head scrub cattle at 2 cents.

Josh Dunn sold to Ruble Bros, of Carroll, a 3-year-old jack for \$450.

Hubbards Bros. sold to a Madison party a bunch of extra good feeders at \$45.

B. D. Hultzel sold to Jno. Holmes a pair of 2-year-old mare mules, for \$225.

Thompson, of Bourbon, sold to Henry, of Fayette, nine mules at \$118 to \$120.

William Moreland sold to J. S. Cross 11 head 900-pound cattle at 4 cents, and bought of Tone Hinn 75 hogs at 20 cents.

Went to farm on shares 20 or 25 well bred horses. Sold to Belmont (Chas.) and Sumner, J. P. Crow, McKimby, Ky.

John C. Curtis, of this county, sold Tuesday to F. L. Wingo, of Langview, Ill., a fine 3-year-old jack for \$800—Richmond Register.

W. L. Dawson and John Cutchfield sold put in ten acres of watermelons and cantaloupes on A. M. Island's farm, the best piece of ground in the county for the purpose.

W. P. Anderson sold to Mr. Long ridge, of Lexington, his crop of new hemp, about 10,000 pounds, at \$1.31.

Matt Kenney sold to same about 10,000 pounds, at the same price. Paris, Kentucky.

Yesterday was a rather dull county court day, although a fair crowd was in town. There were about 200 cattle on the market and about 100 hogs. Prices ranged from 2 1/2 to 3 cts. Horses \$25 to \$40. No mules were offered.

Kentucky produces 93 per cent of the hemp, and 53 per cent of the tobacco. Fayette county raises a big per cent of the former and Christian county heads the list of the latter with nearly 12,000, 100 pounds to her credit.

A Peachy, Kas., paper tells of a dozen eggs, of the light Brahman variety, the smallest one of which was six and one-half inches in circumference, the largest almost eight inches. The total weight of the dozen was two pounds and six ounces—just double what a dozen of ordinary eggs weigh.

William Moreland bought of A. B. Billings, of Tennessee, 25,000 pound cattle at 2 cts, and of Emmett McCormack 11, 1,050 pound feeders at 3 cts. He also sold to the latter 5,075 pound feeders at 2 1/2 cts, and bought of G. W. Rife, Sr., a bunch of 1,100-pound feeders for April delivery at 3 cts, and sold to G. Lyon a pair of oxen for \$75.

LANCASTER, GARRARD COUNTY.

Charley Frisbie entertained his young friends royally, Saturday evening.

The local company of State Guards will be mustered out today, the term of service having expired.

Elijah Simpson, Wm. Cook and E. L. Matthews, all citizens of Garrard, have been granted pensions.

Col. C. F. Tillet will deliver a lecture at the court house on the evening of the 23d. Subject, "Personal Mistakes."

The trial of Wm. East, white, and Charley Owens, colored, for a breach of the peace on Saturday, the 5th inst., resulted in each being fined \$10 and cost.

If something is not done to stop the indiscriminate erection of monuments, the question that will be asked in the future will be who they were erected and why there was such a waste of marble.

The cold snap came just in time to check the fruit buds that were getting ready to bloom. There are hopes that they have not been seriously injured and that there will be a full crop of all kinds of fruits.

Mr. T. A. Ekin died Sunday afternoon of consumption. The funeral will take place tomorrow, Tuesday, at the residence, conducted by Rev. J. T. Frank, after which the remains will be interred in the Lancaster cemetery. The remains of Mrs. E. L. Hood were interred in the Lancaster cemetery, Saturday.

There is a placard in one of the houses in this town which reads thus: "Recommended to the attention of Mr. and Mrs. Busch by a member of the anti-poke-vote society. Wanted, immediately, a person of the character, age or sex uncertain, at a salary of \$500 per annum, with prospect of an increase equivalent to \$10,000 a year, to let other people's noses alone. For further particulars, apply to Mr. Thomas, No. 1, 1st Street, of France."

Miss Anna Smith left on Monday morning for Louisville, to take a several weeks' vacation in that city. Messrs. Barclay, Severance and Price, of Stanford, Crutcher and Poynter, of Richmond, and one Woodcock, of Dunn, Wingo and Price, of Danville, paid Lancaster a flying visit Sunday. Miss Jessie Burdette is visiting Miss Annie Boyston. Homer Price, a former Lancaster boy, was here last week. He is employed in the railway mail service.

It seems that our government is scarcely out of one trouble until it is in another. It was with considerable difficulty that we could be prevented from threshing the life out of poor Little Chilly for daring to prevent some of our drunken sailors from painting the city of Valparaiso red at the time a revolution was in progress but having frightened the Chileans into an abject apology we were denied the pleasure of achieving a little cheap notoriety by a declaration of war and an appeal to arms. After this came the insult to the Irish citizen of Washington by the hanging out of the washing of the family of the German minister in front of his residence, in which shirts were made to sport in the breeze as diplomatic flags that were sacred in the eyes of the nation. This affront has severely been adjusted by the removal from the clothes lines of the offensive apparel, until we are confronted with the B-flying Sea controversy, over the treaty as to the destruction of seals. At last we are dealing with "a toman worthy of our steel," and we are admonished as to the importance of going slow in the use of insulting words, or in resorting to intemperance, as in the case of a child. The English Premier thinks that there is no necessity for a continuance of the treaty of last year, but suggests that possibly Her Majesty's government might consent to a limit of 50,000 seals to be taken during the season. Our government is contending earnestly for the continuation of the treaty that prohibits entirely the taking of seals, at least for another year. The high contending parties are not agreed upon the modus vivendi and there is a likelihood of more trouble before the matter is settled. It remains to be seen whether the warlike spirit that pervaded the political atmosphere some months since has died out, or whether "our voice is still for war."

Let it be understood that while our standing army numbers only some 25,000 men and our navy about 10,000, and the British army and navy has some 250,000, that we are not in the least intimidated. We have thousands of patriots who are willing to be generals, colonels and even paymasters, sutlers and contractors as long as the money holds out, and all we want is a chance to show our pluck. So come on Victoria. Is it true you are getting somewhat old, but we can lick you if you were twice as old as you are, and our patriots who are anxious to eat hardtack and sleep on the ground are as thick as the leaves of the forest.

Mr. Callon has introduced in the Senate a bill providing for the establishment of an international spelling bee at the World's Fair.

GRAB ORCHARD.

Mr. J. E. Carson has sold two more of his fine cows to the Watts Bros., Middleboro, for a handsome price.

Elder J. G. Livingston preached a very able discourse at the Christian church Sunday. Bro. Livingston truly believes in missionary work at home.

Mr. R. Crodin, of Bell county, was in town this week looking at the Grab Orchard. The colored man selling his boyhood home. The colored man seems very much attached to the place. The sale of Mrs. John Higgins was well attended and things sold for good prices.

The hop at Mr. D. G. Slaughter's was a success in every way. The music being first-class, everything in the way of dancing was taken in, from the Virginia reel to the new skid dance. The ladies in Grab Orchard are among the best in dancing and we have several little girls who can't be beat. Mr. Slaughter will soon give another. It is the day will not be wasted so much again, as beginners who had on such a shock down.

The crowd in Grab Orchard, Friday and Saturday was immense, the attendance being 100. Slaughter's opening, the side of Mrs. Higgins and the biggest of all, the trials, in which a man, a woman, who came here a stranger, and a number of prominent people for scholars, who were examined and were entered but not sent out every one.

DEATH'S DOINGS.

James L. Metcree, born in Mercer county, Ky., died in Paris, Mo., aged 93 years, 6 months and 19 days. He was twice married and 11 of his 17 children survive him, also 4 grand-children and 39 great-grand-children, most his death.

The death of Mrs. T. A. Ekin, which occurred Sunday, will cause many friends here to mourn with unfeigned grief. She spent her school days here and all who knew her loved the amiable and attractive Miss Annie Timberlake. She had as far a promise of long life as anybody, but death is not her own in young womanhood and left a devoted husband and three little children to feel their irreparable loss. We tender our heart felt sympathy in their bereavement.

The commission of a notice of the death of Mrs. Theresa Hood, daughter of Dr. George Hinn, of the Shelby City neighborhood, was a regrettable oversight. Apparently well on retiring Wednesday night she was attacked with a heart trouble and in less than half an hour was a corpse. Her husband, Dr. E. L. Hood, died a year or more ago in Middleboro, but two little girls survive her. Mrs. Hood was an estimable, abstemious woman, whose death is deplored by a large circle of friends. Her remains were taken to Lancaster and laid beside those of her husband.

Mrs. Mary Roney, widow of the late Milton Roney, died Saturday morning at the home of her son, Mr. John Roney, of dropsy of the heart. Mrs. Roney had been in poor health for a long time, but not until a week ago did her illness become serious. The deceased was the mother of eight children, seven of whom, Messrs. W. G. S., J. A. John, and T. D. Roney and Mrs. Kate Surber and Mrs. L. L. Dawson, survive her, and who now lead the irrepressible loss of a kindly mother. May the good Lord send him to that world where hearts are raised to know that their loss is not great. Mrs. Roney was for years a member of the Christian church, but on account of her poor health she has not been able to attend a house of worship for years. At a funeral, discourse at the church here by Rev. John Bell Johnson at 2:30 o'clock Sunday her remains were taken to Buffalo, Kentucky and laid beside those of her husband, who preceded her several years.

At a funeral, discourse at the church here by Rev. John Bell Johnson at 2:30 o'clock Sunday her remains were taken to Buffalo, Kentucky and laid beside those of her husband, who preceded her several years.

Mrs. Mary Roney, widow of the late Milton Roney, died Saturday morning at the home of her son, Mr. John Roney, of dropsy of the heart. Mrs. Roney had been in poor health for a long time, but not until a week ago did her illness become serious. The deceased was the mother of eight children, seven of whom, Messrs. W. G. S., J. A. John, and T. D. Roney and Mrs. Kate Surber and Mrs. L. L. Dawson, survive her, and who now lead the irrepressible loss of a kindly mother. May the good Lord send him to that world where hearts are raised to know that their loss is not great. Mrs. Roney was for years a member of the Christian church, but on account of her poor health she has not been able to attend a house of worship for years. W. P. WALTON.

In an interview with an Associated Press reporter Mr. Watterson says that factions have made the nomination of any New Yorker impossible, that Gov. Hill in killing Cleveland killed himself and that the presidential nominee must come from the West, Massachusetts, Pennsylvania or Maryland. Cleveland should see this and withdraw from the contest. If he could not be elected in 1888 with the prestige of power and the other forms of harmony in New York, he cannot now. Mr. Watterson goes on to say that Mr. Cleveland made a good president and that he is sincerely his friend, but his haste in trying to dispose of him with certain other uncomplimentary references, rather contradicts the editor's assertions. If he find it in the interest of harmony Mr. Cleveland will no doubt cheerfully retire from the field, but there is no need for any hurry in the matter. He is too close to the democratic heart for it to permit him to retire as long as there is hope of his nomination or election. A great many well-informed democrats think he can be elected, notwithstanding the action of the machine democrats of New York, headed by Tammany, which is always out for the stuff, and want him to stay in the field.

The students of the State College are petitioning the Legislature for an appropriation to build a gymnasium. To a taxpayer, who is assisting to give them an education free of charge, this would seem to be rather a cheeky attempt to crowd the taxpayers. The youngsters should not want the earth and the fullness thereof handed to them on a silver salver. If they want to acquire brawn and muscle, the farm attached to the institution would be a mighty good place to practice.

CONGRESSMAN HARTIN, of Ohio, an opponent of free silver, has addressed a letter to Senator Hill, asking him to define his position on the question, but David B. is too much of a politician to do it. His answer to a reporter who asked him about it was, "I think Mr. Hartin is only seeking notoriety and I do not feel it my duty to assist him." Grover Cleveland was not afraid to go on record against the policy, but the New York boss is not built that way.

MR. CLEVELAND says in an interview that it is clear that tariff reform must be the issue if we are to go into a winning fight. His idea has been that the best method of attacking the tariff in Congress would be in a general bill, but he is willing to defer to those who have to fight the battle in Congress. There can be no doubt of democratic success, he thinks, if the party is true to itself, true to its principles and fulfills its pledges to the people.

THE Harrodsburg Democrat does not believe in throwing Cleveland overboard simply because Tammany has endorsed Hill, and feels confident from the facts and figures it presents that he can be elected without the vote of New York. It thinks that Grover Cleveland is the deliverance of the democracy from weakening and corrupting influences, from hurtful divisions and vacillating policy, and there are millions of others who say amen.

THE Louisville Critic comes back at Hon. Harvey Myers like a thousand of brick and over his own name Editor O'Sullivan denounces him as a traitor, liar, libeler and coward, who dares not put over his own signature what he said of him in the legislature, protected by the power of the constitution. The war is getting red hot and if there is not blood letting, somebody will have to show the white feather.

CLAY COUNTY instructed for Col. Bradley, George Denny, John Henry Wilson and G. W. Trent for delegates from the State-at-large to the National republican convention. It would be hard to find a more heterogeneous combination than this, though it may prove the big four. Col. Bradley will be one of the delegates, his calling and election having been assured by more than enough instructions from the various counties already.

ABOUT SOUTH FOR CLEVELAND.—Mr. L. M. Lasley took occasion to feel the pulse of the people who attended court yesterday on their presidential preferences and out of 244 men questioned 220 were for Cleveland, 13 for Hill, 9 for Carlisle, 1 for Watterson and 1 for Flower. This is about the way the rural districts stand all over the State, Cleveland first, the rest nowhere.

The Cooley Trial

DISMAYED.—The examining trial of Wm. Cooley for the shooting and wounding of Warren Atherton, James Judge Varmon, Saturday, resulted in his discharge. The deposition of Mrs. Atherton, who was unable to be present, was read. In it he said that the trouble between him and Cooley began over the harsh treatment by him of Mrs. Cooley, who is Atherton's sister. He had repeatedly remonstrated with him, and he went by Cooley's on the evening he was shot to again talk to him about it. Cooley was very much excited when he saw him, and when I turned to him about beating his wife he grew more so. I told him he ought to do better or separate. There was not much more said. The trouble was between us and all I recollect is that he drew his revolver and began to shoot. He shot rapidly five times, each striking me, and in the right eye, another in the right thigh, the left hand, right wrist and neck. The last shot hit me in the eye and I got on my horse and left. I asked him to go for a doctor and he started to do so, but met Dailey Hutchison and Jack Terry and they took me to Perry's house, where I have since been. I was not drunk and had not taken a drink since early in the morning." On cross examination by Hon. R. C. Warren he says "I might have told Willis Barnett that this is what a man gets for fooling with a man who is afraid of him, but I do not remember it. I did not know Cooley was afraid of me. I knew he always avoided me when I came around and usually left his house. I went to his house once with two men, who did not go at my request, to see him about beating and bruising his wife. When Cooley came in we talked the matter over and he promised to do better. He didn't laugh at him for apologizing. I was not armed and had only an ordinary pocket knife. I didn't tell Craig Baugh I was going to kill Cooley. I don't know position of my hands when shot, but may have put them in pockets of my gum coat. I never thought he would hurt me, and don't remember to have shook my fist in his face. I am not in the habit of going armed and did not cause Cooley the day he was shot."

The testimony of the accused was as follows: "The trouble between Atherton and myself originated four years ago when I returned to go on his note for \$40. I argued with him and told him I was not able to go on his note and told him I did not want him to get mad at me. I have heard frequent threats Atherton has made. He told Craig Baugh on one occasion that he was going down to my house and kill me. Atherton struck my wife in my presence and my wife abused me for not killing him then. Several years ago, when my wife and myself had a little trouble, Atherton, accompanied by Bill Rich, William Flynn and Jim Cain, came to my house. I heard that they were coming to kill me. I got organized for striking my wife and promised to live a better life. They were drinking and when they got out of the house they laughed because I apologized. Atherton came to my house at Rowland and stayed in the family room. Fearing I would have trouble with him I slept in another room to avoid him. I was afraid of him. I went out to my farm to avoid Atherton and my mother-in-law and stayed there till the day of the trouble. Atherton rode up to the fence near my house and told my boy that he wanted to see me. He had frequently cursed me. I remarked, 'for money's sake, what does he want here?' Fearing trouble, I got my pistol and went out. He remarked, 'You and your wife have had trouble. If you don't do her right I will do you right. I talked with her and she says you are to blame.' Atherton then began to curse me and getting off of his horse, he came toward me, shaking his fist in my face, and reached for his pistol pocket. I said, 'I guess you have come to do me up.' His answer was, 'Yes, by God, I have.' When he began to shoot at him, I thought my life was in danger." His cross examination did not change the above.

Noah Cooley's testimony was but a corroboration of his father's. Dink Farmer told of the time that Atherton and others went to Cooley's house to kill him. He loaned Cooley his pistol and was there when the party came. Atherton began to abuse Cooley, but his wife tried to stop him and told him that it was her fault that he, Cooley, had struck her. Cooley promised to do better and not whip his wife again. They were all drinking. Marshal Newland testified to the good character of Cooley and concerning Atherton he said he had arrested him four or five times for drunkenness and each time he had a pistol. Willis Barnett "took Cooley's wife out to see Atherton. Heard him say, 'This is what a man gets by fooling with a man who is afraid of him.' He also testified that Cooley bore a good reputation, while that of Atherton was very bad."

J. H. Carter, S. M. Owens, T. L. Shelton, P. Hampton and others were called upon to testify as to the character of the two men. All said that Cooley bore a good reputation, but that of Atherton was far from good.

William Rich was then introduced by the Commonwealth. He stated that he accompanied Atherton to Cooley's on the night above mentioned. That Cooley was drinking and he went to keep Cooley out of trouble. His testimony concerning the visit was the same as that of Cooley.
Charles Dupree, who boards at Mrs. Cooley's, stated that he heard Atherton tell Cooley's wife this day of the shooting that he would have something good to tell her when he returned.
At the conclusion of the testimony the case was submitted without argument, when Judge Varmon announced his decision as stated above.

County, Ky., do make, ordain and pub-
lish the following as my last will and
testament, hereby revoking any and all
former wills that I may have made.

Item 1st, I direct that my executor,
hereinafter named, pay my funeral ex-
penses and all just debts against my es-
tate as soon after my death as practica-
ble, and that he have a memorial tablet
erected over my grave, similar to those
now over the graves of the deceased
members of my family.

2. I have heretofore provided for my
present wife, Sallie, in an ante-nuptial
contract, recorded in the clerk's office
of the Lincoln County Court, the terms of
which have been faithfully complied
with by me, and I give her nothing in
addition to what I have given her in
that contract.

3. I have heretofore devised to my
daughter, Belle, child of my second wife,
Leah, a house and lot in Hustonville.
In addition I now give her the farm in
Lincoln County, near McKinney, pur-
chased by me from J. B. Read, and also
the knob land conveyed to me by said
Read. She is to hold the farm for and
during the term of her natural life as
her separate estate, the rents and profits
of which are in no wise to be subject to
the liabilities of her present or any fu-
ture husband and at her death the re-
mainder estate in said tract of land is to
rest in fee simple in the heirs of her
body. But if she should die without
leaving living issue, it is my will that
said tract of land be sold by my executor
for the proceeds to be given to the For-
eign Mission cause in Mexico, under the
control of the Methodist Episcopal
Church.

4. If for any reasonable cause my
daughter, Belle, desires to sell the land
devised to her in this will with a view
of locating elsewhere, she may do so,
provided she makes J. B. Paxton, or if
any reason he fails to act, some other
good and competent man her trustee,
who will qualify as such as required by
law, and sell said farm and receive and
reinvest the proceeds in real estate, sub-
ject to the conditions, restrictions and
limitations above set forth. I also give
to my daughter, Belle, the pair of work
horses, the hay mow and wagon and har-
ness now in her possession, all of which
is to be held as her separate estate, free
from the debts and liabilities of her hus-
band. I also give to my daughter,
Belle, one-half of lot No. 2 in Hustonville
Springs Cemetery, adjoining the Briggs
land, and upon which her child is
buried.

5. My deceased daughter, Sallie, in her
lifetime inherited from her mother the
remainder estate in a tract of 123 acres
of land, after the expiration of my life
estate therein. After her death, I, as
special commissioner of the Lincoln Cir-
cuit Court, sold said tract of land and
reinvested the proceeds in a brick store-
house in Danville, taking the title to
myself for life with remainder in fee
simple to Sallie V. Engleman now
Evans to the extent of the proceeds of
the land, which amounted to \$6,150, but
the storehouse cost the sum of \$9,000, of
which amount I advanced out of my
own means the sum of \$1,850, to which
extent I own the storehouse in fee simple,
and I now give to my granddaugh-
ter, Sallie V. Evans, in fee simple all of
my interest in said storehouse. I have
heretofore given to my said granddaugh-
ter, Sallie, a house and lot in Dan-
ville, which she has since sold. I also
furnished the means for her education
and during the period she was at school,
some seven or eight years, I paid for her
merchandise, wearing apparel, etc., and
also furnished her wedding trousseau and
I lent given to her mother in her life-
time various articles of personal prop-
erty, such as furniture, silverware, piano,
etc., which, or the proceeds of which,
are in possession of my said grand-
daughter, all of which advancements to
my said granddaughter and her mother
amounted to several thousand dollars,
which, with the real estate above men-
tioned, is all that I give my said grand-
daughter, Sallie V. Evans.

6. My deceased daughter, Annie,
sister of William Craig, also inherited
the remainder estate in 123 acres of land
after the expiration of my life estate
therein, which was sold in her lifetime
with her consent and consent, for the
sum of \$1,150, which I received. Of
this amount I paid to her the purchase
price of the house and lot in Stanford,
conveyed to her August 2, 1887, by John
Cowan, which was the sum of \$5,000,
and I relinquished entirely my right to
two of said sum for life. She took
possession of, occupied and controlled in
her own right said property until her
death. This left the sum of \$1,150 from
the proceeds of the 123-acre tract in my
hands, which was less than I was en-
titled to in my own right under the an-
te-nuptial contract at the time; and in addi-
tion, I have advanced to John H. Craig, hus-
band of my daughter, Annie, considera-
ble sums of money and I also hold bil-
liotes for \$—All of which I desire
to set off against my estate for the \$1,150
or the use of it.

7. I give to my grandson, William
Craig, son of my deceased daughter,
Annie, my brick storehouse on the
southwest corner of Main and Lan-
caster streets, in Stanford, and I also
give to him my brick house and lot on Main
street in said town, being the same lot
purchased by me from Mrs. Mary Ma-
thy. He is to have and to hold both
of said pieces of property for and dur-
ing the term of his natural life with re-
mainder in fee simple to the heirs of his
body; and if he should die without leav-
ing lawful issue alive, it is my will that
my executor dispose of the real estate
herein devised to him and donate the
proceeds to the Foreign Mission cause of
the Methodist Episcopal Church South,
and it is my further will that should be
due under the circumstances above set
forth that whatever personally he may
have in the hands of his guardian be
turned to the same cause. I appoint
my friend, John W. Proctor, of Dan-
ville, testamentary guardian of my
grandson, William Craig, and it is
my will that he take charge of the real-
estate herein devised to him, and with
the assistance of J. B. Paxton, if desired,
rent out the same to good and careful
tenants, and after deducting the taxes,
cost of repairs and other necessary ex-
penses, that he appropriate the remain-
der to the support and education of my
ward. In case my said grandson's in-
come is more than sufficient for his sup-
port, it is my will that his guardian in-
vest the surplus in government securities
or lend it out at interest as it may
accumulate.

8. It is my further will that the aforesaid
guardian retain the management and
control of William Craig's estate until
he attains the age of 26 years; that he
act as his trustee after he attains his ma-
jority until he is 26 years of age, in all
particulars as set forth in this will,
though he may surrender the manage-
ment of said estate to William N. Craig
any time after he attains his 25th year.
It is my opinion it is advisable and to
the best interest of Wm. Craig to do so.
If my grandson, William, marries at any
time, he may occupy the brick dwelling
herein devised to him as a residence, if
he desires to do so. It is my further
will and request that the guardian and
trustee of Wm. Craig keep insurance
policies of not less than \$1,000 each on
the storehouse and dwelling for the
benefit of his ward.

9. If for any reason John W. Proctor
should fail to act as guardian for my
said grandson, Wm. Craig, or should
die or resign after qualifying before Wm.
Craig attains his 26th year, it is my will
that J. B. Paxton be appointed in his
stead, and in both of said cases, it is
my will that Dr. Steele Bailey be ap-
pointed, and if he should fail to act, that
Wm. H. Higgins be appointed, and
And it is my further will that the guar-
dian of my grandson, Wm. Craig, make
annual settlements as such with the
county court. I also give to my grand-
son, Wm. Craig, one-half of lot No. 12 in
Hustonville Springs Cemetery, upon which
his mother, Barney, is buried. If there is
no tombstone placed over the grave of
my grandson, Barney Craig, before my
death, it is my will that my executor
cause a suitable one to be erected, the
cost of which is to be charged to Wm.
Craig in final settlement of my estate.

10. I give to my niece, Mrs. Kate Clark,
the house and lot in Mercer County,
Ky., where she now resides, which she
purchased from J. C. Wilson, and which
she is to hold for and during the term
of her natural life, and at her death it
is my will that said property be sold
and the proceeds divided as follows:
The fourth to my niece, Mary Ann
Fleet, if living, but if not living, to her
younger sister, Mrs. Wm. Adkinson, one
fourth to my nephew, Simon VanArsdale,
one fourth to Annie May, only daughter
of my nephew, Cornelius VanArsdale, and
one fourth to Una, youngest daughter of
my niece, Mrs. Elizabeth McElroy.

11. I appoint and empower my nephew,
Cornelius VanArsdale, to make sale of
said property at the death of Mrs. Clark,
publicly or privately as any seem best
to him, and I hereby give him full pow-
er to make a deed of conveyance to the
purchaser without the intervention of
the courts. If my nephew, C. VanAr-
sdale, be dead, or not living in Mercer
County at the time of Mrs. Clark's death,
it is my will that Wm. Adkinson, my
nephew by marriage, make sale of said
property as above set forth, and I give
him all the powers above given to C.
VanArsdale, in case he be dead. I also
give my niece, Mrs. Kate Clark, residing
near Harrodsburg, the sum of \$100 and if
there is a sufficient sum of money on
hand after paying the cost of settling my
estate and the legacies mentioned in this
will, from the sale of the remain-
der estate in my present homestead
and whatever cash is on hand at my
death, I give her the additional sum of
\$50.

12. I give to the congregation of the
Methodist Episcopal Church South,
of Stanford, of which I am a member,
a note for \$500 and its interest, which I
hold on John B. Higgins, secured by
a mortgage to said church, in presump-
tion of a mortgage within two years
after my death is to forfeit this bequest
and it is to revert to my estate and be
disposed of as hereinafter directed. I
said note is paid before my death, I
give to said church in lieu of it and for
the same purpose the sum of \$500 in
cash, on same conditions.

13. I give to the Widows' and Orphans'
Home, at Louisville, under the care of
the M. E. Church South, the sum of
\$400. I give to the Preachers' Aid Soci-
ety of the Kentucky Conference of the
M. E. Church South, for the benefit of
poor and worn out preachers and their
families the sum of \$500. I give to the
Missionary Society of the M. E. Church
South the sum of \$500, to be used in the
cause of foreign missions by the proper
mission board and church wherever
they may deem best.

14. It is my will and desire that the three
legacies named in the next of \$1,500 in
the aggregate, be paid next after my just
debts and funeral expenses, including
\$200 to my pastor, Dr. M. Evans, whom I
desire to preach my funeral, are paid. I
presume that what money I leave in
bank, with a note or two, possibly that
may be readily cashed, will be sufficient
to pay the same. If not, the rents from
the storehouse and dwelling herein de-
vised to Wm. N. Craig may be taken for
that purpose for as much as a year after
my death, if necessary. If any of said
legacies are paid in whole or in part be-
fore I die, my executor will have due
notice of same and to that extent the
design of my will will have been satis-
fied.

15. I give to the temperance cause in
Lincoln County the sum of \$100 to be
paid by my executor to the treasurer of
any good regularly organized temper-
ance society in Stanford. This sum of
\$100 is given on condition that there
will be a sufficient sum left to pay same
from sale of remainder estate in my
homestead and cash, etc. on hand, after
paying cost of settling my estate and the
legacies hereinbefore mentioned other-
wise it is not to be paid.

16. To my daughter, Sallie, in her life-
time and to her daughter, Annie, after
her death; and to her sons, Barney
and William Craig, after her death; and
to my daughter, Belle, I have made various
gifts of cash and other articles of per-
sonality, but I make no charge for any of
said gifts as they have been nearly
equal, nor are any advancements to be
charged against my devisees herein, ex-
cept as may be stated in this will.

17. All of the residue of my estate,
not otherwise disposed of herein includ-
ing the remainder interest in the house
and lot where I now live, in which my
present wife will hold a life estate under
our marriage contract, and the five stock
on hand, if any, I direct my executor to
dispose of as soon as convenient by pub-
lic or private sale and on such time and
terms as he may think best and from
the proceeds of such sales and the cash
I leave in bank, he will pay my just
debts, funeral expenses, the cost of ad-
ministration and the legacies herein
mentioned. Whatever sum, if any, is
left from this source, on final settlement,
I direct to be divided equally between
my grandson, Wm. N. Craig, and my
daughter, Belle. And it is my will that
the share given to my daughter, Belle,
in this item, be held by her as her sepa-

rate estate, the same as if she were un-
married, free from the control or liabil-
ities of her present or any future hus-
band. If the legacy mentioned in item
7 of this will is forfeited, it is to be ad-
ded to the fund mentioned in this item
and disposed of in the same manner.
My cash is on deposit in the Boyle Na-
tional and Farmers National Banks,
of Danville and the First National Bank,
of Stanford.

18. Should any claim be successfully
prosecuted against my estate, on account
of the interest in remainder or other-
wise inherited by my deceased daugh-
ter, Annie, in her mother's estate, it is my
will that such claim be charged to my
grandson, William N. Craig, on final
settlement of my estate. And if any
such claim should be successfully prose-
cuted against my estate on account of
the interest in remainder, or otherwise,
inherited by my deceased daughter, Sallie,
in her mother's estate, it is my will
that such claim be made a charge on the
portion of my estate herein given to my
granddaughter, Sallie V. Evans. If
John H. Craig pays off the sum for
which I hold this note, I am willing
that it shall be credited by the sum of
\$1,150.

19. I appoint my friend, John W.
Proctor, of Danville, executor of this
my last will and testament and give
him full power as such to make any and
all sales of real estate herein directed
without the intervention of the courts,
and also give him full power as such to
make conveyances to any and all the re-
sults he may sell hereunder, and I re-
quest my executor, after the probate
of this will before the Lincoln County
Court, make have it spread on the re-
cords of the Boyle County Court, and if
he so desires, he may also have it pub-
lished in the Kentucky Advocate, of
Danville, or the Interior Journal, of
Stanford.

20. Signed and acknowledged this 24th day
of May, 1888, BARNEY VAN ARSDALE.
Attest: A. A. McKINNEY,
J. B. PAXTON.

1. Barney VanArsdale, being seized, the
following as a codicil to my last will,
dated May 24, 1888.

1. I revoke item 7 of my will, as I
have since making it paid \$500 toward
procuring a mortgage for the M. E.
Church South, of Stanford.

In case of my bequest in my will I
have used the wrong corporate name,
which I now desire to correct, and I now
direct and will that if my daughter,
Belle, die under the circumstances men-
tioned in item 11 of my will, that the
share of said bequest given to her be
divided as follows: One-half to be paid
to the Board of Missions of the Metho-
dist Episcopal Church South, which is
the proper corporate name, to be used
by said board whenever they may deem
best in the foreign mission cause.

2. Some making my will I have en-
hanced the value of the realty given
Wm. N. Craig by adding improvements
for which I charge him \$800 to be ac-
counted for in final settlement of my es-
tate. Of this charge I give one-half,
\$400, to the Board of Church Extension
of the Methodist Episcopal Church
South, of which Dr. D. Motion, of Row-
land, is secretary, to be used by
said board for the purposes for which it
was created. I give the remainder of
said charge, \$400, equally to the chil-
dren of Belle Dunn. These two items,
as above stated, are to be charged to
Wm. Craig's share in settling my es-
tate. If there is an insufficiency of my
estate left, after paying all other items,
to pay this charge of \$800 in the ag-
gregate, the deficiency is to be made up
from the rents or other income of Wm.
N. Craig, from year to year if necessary,
he to have enough left every year for his
support and college expenses if in col-
lege.

3. I revoke so much of item 11 of my
will as gives one-half of the surplus of my
estate to my daughter, Belle, after payment
of legacies, etc., and I now give said half
to her children equally. I appoint J. B.
Paxton, guardian for said children of
Belle Dunn and direct him to use said
share of said estate to his heirs in
their education and support. If one
my daughter Belle dies the farm given
her in item 3 of my will as therein per-
mitted, and the whole of the property is
not reinvested as therein directed, I
direct that the surplus remain in the
hands of her trustee, who may pay her
the interest on the same annually, but
no part of the principal, and if she should
die before the reinvestment of such sur-
plus, the same is to go to her children
equally.

4. I have had a full settlement with
John H. Craig. He now only owes me
a note for \$25.00, dated Nov. 25, 1891. I
owe him nothing.

5. My old pastor, Rev. M. Evans, hav-
ing left the State of Kentucky, I now
request that Rev. W. E. Arnold preach
my funeral and that my executor pay
him \$25.

Given under my hand this 17th day of
December, 1891.
